

EXFOLIATION

The SkinMaster™ System utilizes a unique piezoelectric actuator to exfoliate and deeply cleanse the outer layer of the epidermis.

TONING

Firms and deeply hydrates the outer layer of the skin and plumps up the skin, leaving your skin looking toned. Effectively combines exfoliation, moisturization and a firming facial mask for superior results.

PURIFYING

Cleansing and balancing helps reduce blackheads, whiteheads and helps even-out skin tone. Combines exfoliation, extraction, and light moisturization for the ultimate in oily and problem skin care.

INTENSIVE MOISTURE

The SkinMaster™ System heightens the effect of moisturizers and hydrators.

INVIGORATE

Pale and sallow skin can make you look tired and drained of energy. SkinMaster™ invigorates skin for a glowing appearance.

CLEARING

SkinMaster™ clears the skin to significantly improve its appearance.

FOUNTAIN OF YOUTH

Areas of concern are targeted using a combination of specific products and SkinMaster™. Your skin is left smooth, glowing and younger looking.

BEYOND MICRODERMABRASION

Microdermabrasion has emerged as today's leading non-invasive cosmetic procedure because it has proven to be safe, gentle and effective. The SkinMaster™ System, however, offers far more than the simple exfoliation provided by conventional microdermabrasion. Its targeted treatment immediately improves your skin's texture, tone and appearance in a pleasant and effective manner.

HOW DOES THE SKINMASTER™ SYSTEM WORK?

The SkinMaster™ System utilizes targeted mechanical energy for outstanding beauty results. Skin is luxuriously treated without unpleasant crystals or chemicals being used on your face. The SkinMaster™ System provides a unique program utilizing new technology and targeted products to give you the results you've always dreamed about!
